TOPDECK FLOORING

IMPORTER & SUPPLIER OF QUALITY TIMBER FLOORING

ABOUT TOPDECK FLOORING

SOLID TIMBER FLOORS

Topdeck Flooring is a company that specialises in development, production and the sales of quality timber floor, laminate floor, floating floor and bamboo floor internationally.

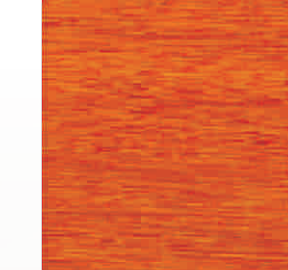

Our head office is situated in Sydney, while the production and development center is based in Shanghai. Our Shanghai office is constantly researching new technological advances in our flooring products to guarantee the highest technology and most fashionable flooring on the market. Our products are secure with certificates ISO9001 and ISO14001; they are both quality and environmentally friendly products.

Our company selects only the best range of raw timber materials worldwide, and promises that only top quality products are produced. Topdeck Flooring has already extended its market across the globe: from Asia to America to Europe and the Pacific.

Topdeck Flooring strives to achieve quality products when it comes to flooring, and quality service when it comes to sales. We assure that our products will enhance your lifestyle by creating a cleaner, warmer ambience in your home.

Our pre-finished solid timber floors come with a tongue & groove system. The pre-finished surface means no sanding, lacquering, polishing and lingering harmful odours. So you can walk on your floor immediately after installation.

All of our solid timber floors have nine coats of Treffort Lacquer.
